PREFACE.

The Committee of Lloyd's Register of British and Foreign Shipping have the pleasure to place in the hands of Subscribers the Fourth Annual Edition of the Universal Register.

The principal additions to be noted in the present edition are the following:—

List of Builders of Marine Engines at home and abroad,

List of Shipowners' Trade Defence Associations,

List of Fast Merchant Steamers.

In effecting these additions, as well as in keeping the Universal Register abreast of the changes which have occurred in connection with the Merchant Shipping of the world, the Committee have received from many quarters most courteous and valuable aid, for which they take the present opportunity of returning their best thanks. Especially do the Committee feel bound to express their sense of the liberal action of the Marine Departments of the British, and of many Foreign, Governments in continuing to supply them, for the use of the public, with information drawn from the official records of the merchant shipping of their respective countries.

Without recapitulating the list of contents, attention may be invited to the following sections of the book which are of a somewhat special character:—

I. Statistical Tables.—The statistics which have been compiled for the present work will, it is thought, prove not only valuable to all who are connected with shipping, but also of considerable interest to the general public. They contain much information which had not, so far as the Committee know, been published prior to the issue of the Universal Register; and it will be seen that their practical usefulness has been much increased by the elaborate system of analysis which has been adopted. Tables are introduced showing the additions and deductions which have been made during the past year to the principal merchant navies of the world, as recorded in the Universal Register.

II. List of War Ships of the World.—The list has been compiled from the best available sources of information, and the Committee believe it will be found to be the most complete that has yet been published. The supplementary Tables, described in detail in the memorandum at the commencement of the list, afford means of comparison of the naval power of different nations. For the assistance which has kindly been rendered them in the preparation of this section of the work, the Committee beg to offer their thanks.

Although no effort has been spared to render the UNIVERSAL REGISTER both accurate and complete, the Committee are conscious that the compilation of so vast a mass of information can scarcely be unattended by errors and omissions. They will therefore most highly appreciate any aid with which, in their endeavour to meet the business requirements of the present day, they may be favoured, either by the rectification of errors or by the supply of further information.

It only remains to be stated that the UNIVERSAL REGISTER will in no way interfere with the publication of LLOYD'S REGISTER BOOK and the YACHT REGISTER, both of which will continue to be issued annually as heretofore.

PRÉFACE.

Le Comité du Lloyd's Register of British and Foreign Shipping a le plaisir de livrer aux souscripteurs la quatrième édition annuelle de l'Universal Register.

Les additions les plus importantes à noter cette année, sont les suivante:

Liste des Constructeurs de Machines du Royaume-Uni et de l'étranger.
Liste des Associations d'Armateurs ayant pour but la défense de leurs intérêts.
Liste des Navires à Vapeur de Commerce de Grande Vitesse.

Afin de pouvoir faire, non seulement ces additions, mais encore les corrections nécessaires par suite des changements survenus dans la marine marchande, durant l'exercice écoulé, le Comité a été honoré du concours précieux et bienveillant de nombreuses personnes, auxquelles il est de ce chef infiniment reconnaissant. Il profite de cette occasion pour leur offrir ses meilleurs remercîments.

Il s'empresse de mentionner tout spécialement, à ce sujet, l'appui généreux que les départements de la Marine des Gouvernements anglais et étrangers ont continué à lui accorder; et de leur exprimer toute sa gratitude pour les renseignements officiels et précieux, qui lui ont été fournis sur leurs marines marchandes respectives, en vue d'être utile au public.

Sans faire la récapitulation de la table des matières, le Comité désire attirer l'attention sur les parties suivantes d'un caractère plus particulier.

I. Tables de Statistiques.—Ces Tables spécialement composées pour le présent ouvrage ne seront pas seulement, le Comité en a l'espoir, d'une utilité réelle pour le commerce maritime, mais présenteront certainement un grand intérêt pour le public en général. Elles contiennent maintes informations qui, pour autant que le Comité a pu s'en rendre compte, n'ont jamais été publiées avant que l'Universal Register eût paru. Leur utilité pratique est encore rehaussée par le système d'analyse adopté. Des tables ont été introduites, ayant pour but de montrer les additions et les diminutions faites, durant le courant de l'année dernière, aux principales marines marchandes du monde, ainsi que les renseigne l'Universal Register.

II. Liste des Navires de Guerre du Monde.—Cette section a été formée par la compilation de renseignements obtenus aux meilleures sources possibles, et ce travail sera certainement trouvé, le Comité en a l'espoir, l'ouvrage le plus complet de ce genre qui ait jamais été publié. Comme il est dit, d'une façon détaillée, dans la note qui précède cette section, les tables supplémentaires permettent de comparer les forces navales des différentes nations. Le Comité présente ses meilleurs remercîments pour l'assistance dont il a été favorisé lors de la formation de cette partie du livre.

Inutile d'assurer finalement que rien n'a été négligé pour rendre l'Universal Register aussi exac et aussi complet que possible ; le travail embrassant toutefois une quantité si considérable de renseigne ments, le Comité fait appel à l'indulgence du public pour les erreurs qui auraient pu s'y glisser malgr l'attention apportée à l'ouvrage.

Il serait heureux si, en lui signalant ces erreurs ou en lui fournissant de nouvelles information on voulait l'aider à atteindre le but qu'il s'est proposé, d'élever son livre au rang d'un ouvrage répondai sous tous les rapports aux exigences de nos jours.

Il reste à mentionner que l'Universal Register n'apportera aucun changement dans la publicatic du Lloyd's Register Book et du Yacht Register, qui continueront à être publiés séparément comme p le passé.
